

Sliding-door cabinets

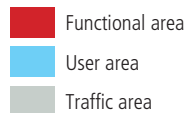

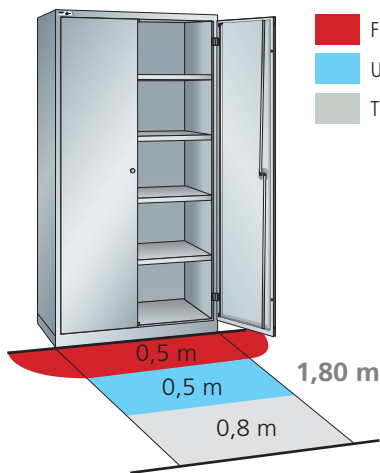

Optimum solution for confined spaces

Sliding-door cabinets provide optimum storage options for all types of inventory in confined spaces. The smooth-running doors remain in the housing and do not protrude into the traffic area.

Sliding-door cabinet

Hinged door cabinet

Smooth and quiet operation

The ball bearing mounted door castors run quietly on the guide rails.

i Benefits

- Optimum solution for confined spaces because no functional area is required
- Smooth and quiet operation thanks to high-quality castors
- Solid sheet or viewing window doors with user-friendly lock-down cylinder lock
- Individual fitting and adjustment options
- Retrofitting with drawers and pull-out shelves possible for cabinet depth 580 mm
- 12 standard colours at no extra charge (see page 128/129)

// Lista sliding-door cabinets provide a large storage area in confined spaces. //

Sliding-door cabinets

Pre-configured cabinets with solid sheet doors

10
Years
Guarantee

Art. no. **58.750.020**
Light grey, RAL 7035.

i Features

- High-quality, welded sheet steel construction
- Solid sheet or viewing window doors, doubly folded and strengthened
- Interior fittings height-adjustable in 25 mm increments
- Maximum load capacity:
housing 500 kg, from width of 1500 mm 950 kg,
adjustable shelves 60-100 kg,
drawers and pull-out shelves 50 kg
- Adjustable shelves: galvanised, 30 mm thick
- Pull-out shelves, drawers: painted,
colour: anthracite grey, RAL 7016.
- Key Lock as lock-down cylinder (separately
lockable); for further locking options
see individual configuration
- Durable powder coating
- ESD on request

i Design diversity

- Housing heights: 1000, 1950 mm;
housing widths: 1000, 1250, 1500, 2000 mm;
housing depths: 400, 500, 580 mm
- Cabinet accessories: Adjustable shelves, shelf
dividers, drawers, pull-out shelves

Sliding-doors with viewing windows
The UV-resistant acrylic glass is break-proof
and enables clear workstation organisation.

Lock-down cylinder lock
Cannot be prised out thanks to a bar bent
to right angles.

i Tip

Sliding-doors with viewing windows

For greater transparency in the warehouse, the sliding-door cabinets are also available with viewing window doors. They provide a clear view of the stored items and help to keep the inside of the cabinet neat and organised.

Cabinet systems

Sliding-door cabinets

Cabinet housing and sliding-doors with Key Lock

Cabinet housing

The housings of the sliding-door cabinets are made of high-quality sheet steel and are available with specifications for two sliding doors with or without a fixed partition. The inside fittings of the cabinet are easy to customise thanks to the 25 : 25 mm divisions.

Sliding doors

The sliding doors in solid sheet or with viewing window are multiply folded and strengthened and come with a recess for the Key Lock locking system. The ball bearing mounted door castors run quietly on the guide rails.

i Tip

Simultaneous locking

Assume that simultaneous locking is wanted for an existing cupboard and some new ones.

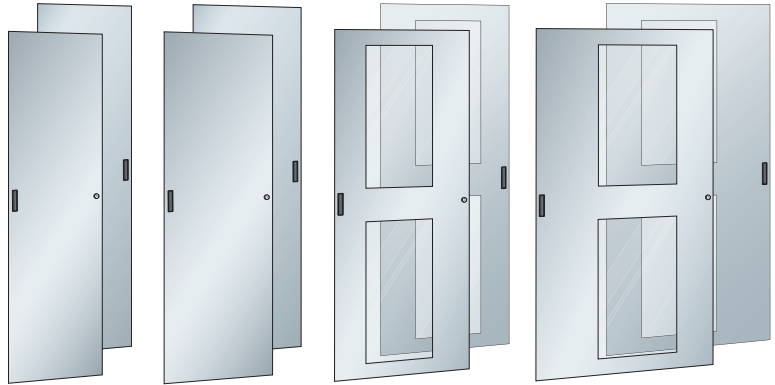

Solution:

1. Order the housing (e.g. in Light blue) (e.g. Art. no. 57.654.010)
2. Order the sliding-door set excluding lock-down cylinder (e.g. 58.029.010)
3. Select cylinder with the lock number of the existing cabinet (Art. no. 55.439.000) and quote the cylinder number (e.g. 2C 365)

i Tip

Spare keys order

For new products the relevant key number must always be written down, as this allows copies to be ordered if keys are lost. All keys can be bought either from Lista or on the open market. An exception to this are the master keys. This can only be re-supplied by Lista.
