

Vertical pull-out cabinets

Space-saving marvel

Lista vertical pull-out cabinets are the perfect solution for the space-saving storage of tools and work material and offer ideal storage options for the warehouse, production facility and workplace. The vertical pull-out cabinets with perforated rear panels can be used on either side. The specification with shelves allows attachment of storage containers, tools and documents.

Adjustable shelves

The adjustable shelves in two available widths provide optimum storage space for inventory.

Perforated rear panels

Extendible perforated rear panels enable flexible attachment of stored items thanks to a wide range of hooks.

i Benefits

- High-quality, welded sheet steel construction
- Perfect use of space – 7 m² storage space on 0.7 m² floor space
- With front covers or hinged doors as desired
- Flexible installation of adjustable shelves
- Central lock with standard single drawer locking
- Extendible perforated rear panels or pull-outs with adjustable shelves
- Front panels and hinged doors available in 12 standard colours

Lista vertical pull-out cabinets are real space-saving marvels. They provide up to 7 m² storage space on only 0.7 m² floor space. The pull-out can be individually assembled with matching accessories.
